A Theory of Public Opinion:

Amazon.co.uk: Wilson, Francis ...

A theory of public opinion, as viewed here, is not necessarily associated with any particular form of government, such as political democracy. Whatever the form of government, there is certain to be, either explicitly or implicitly, some relation between what the masses of the people think and what the government does.

created by investigation, discussion and a critical review of a situation. It is a net result of a collective 'getting at the facts' and a collective thinking about them in a calm-tempered

---

## A Theory of Public Opinion - Taylor & Francis

The word public in the concept of “public opinion” is to be interpreted in the sense of “public eye,” “visible to all,” and thus as social control. Opinion refers to publicly visible and audible expressions of opinion as well as public behavior regarding value-laden issues. Its power derives from our social nature, from the willingness of society to threaten isolation in reaction to forbidden opinions and behaviors, and from the individual’s fear of isolation.

## A Theory Of Public Opinion

Public opinion consists of the desires, wants and thinking of the majority of the people. It is the collective opinion of the people of a society or state on an issue or problem. This concept came about through the process of urbanization and other political and social forces. For the first time, it became important what people thought as forms of political contention changed. Democracy requires public opinion because it derives authority from the public.
