World War II. During the Cold War, the two countries confronted each other indirectly in the arms race, the Space Race, proxy wars, and propaganda campaigns. The goal of the United States in this was to stop the spread of communism.

History of the United States - Wikipedia

The United States of America is governed as a federal republic, and therefore some argue that the U.S. is not a democracy. A republic is defined as a political system in which the supreme power is vested upon the citizenry that is entitled to vote for its representatives and officers responsible to them, while a democracy is defined as a government of the people and by the people exercised through elected or direct representative.

Is the United States a Republic or a Democracy? - WorldAtlas

Rather than just accepting such sweeping claims, one writer sought to track the actual shift in usage from "the United States are" to "the United States is." In 1901, former secretary of state John W. Foster contributed an article to the New York Times finding that the transformation from plural to singular was a slow and messy one.
